“Piano Melody” (1/7/18)

The sound of a keystroke is only the beginning
When the music begins to play and when the melody
Begins to flow
I get sucked into a whirlwind of love
And I want you to hold me, squeeze me,
Just like it is
And I want to tell you I found the right girl.
Mad with love from every keystroke, and every
Valentine’s Day I want us in each other’s hearts.
